

Typical Applications

- End prepping super duplex pipe
- End prepping high chrome tubes
- Membrane and weld overlay removal from tube O.D.
- Flat facing tube or pipe
- 37 1/2° bevel tube or pipe
- 30° bevel tube or pipe
- Peel back on stainless clad tubes
- Tube sheet seal weld removal
- Tube sheet strength weld removal
- Tube stub removal
- Tube seal weld removal
- Facing fin fan tubes
- Compound bevel for heavy wall pipe step bevel for composite tubes
- Counterboring
- J-preps
- Sawing of waterwall panels
- Notching of membrane
- Slotting of membrane
- Sawing pendant tubes
- Sawing single tubes
- Sawing pipe 6" to 60" dia.
- Sawing concrete lined pipe
- Sawing tanks of any diameter
- Flex Track for custom sawing curved surfaces
- Cut-off of pipe ends
- Flange facing
- Grooving of pipe O.D.
- Hand hole cap removal
- Beveling for window welds
- High speed beveling
- Track mounted beveling
